

Your Search is Over!

Get to know MELIN — the solid round cutting tool manufacturer that offers the product selection, service, and support you've been looking for.

MELIN Tool is a leading manufacturer of American-made solid round cutting tools.

At MELIN Tool Co., we've long been known for HSS end mills, but we also manufacture a wide range of carbide and high-speed solid round cutting tools. Made by American workers at our Cleveland facility, you can always feel good about doing business with us.

As a MELIN customer, you get the highest quality products that provide consistent performance, our friendly and efficient service, unmatched technical support, and the ability to optimize performance results for your specific applications.

With all of those advantages, haven't you done enough looking around?
